PRODUCT
FOCUS

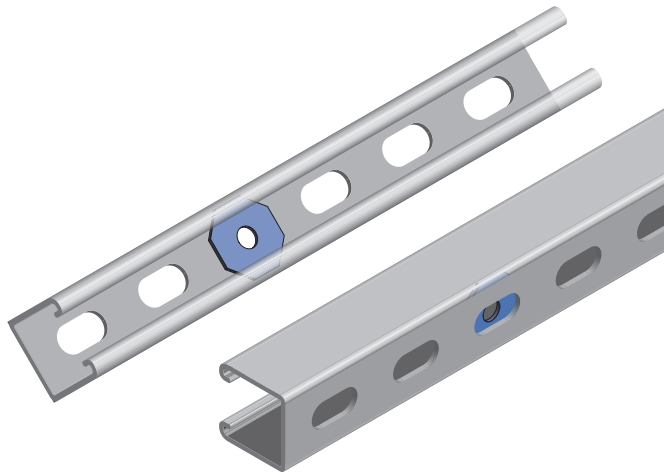

UNISTRUT®

Slot Adapter™

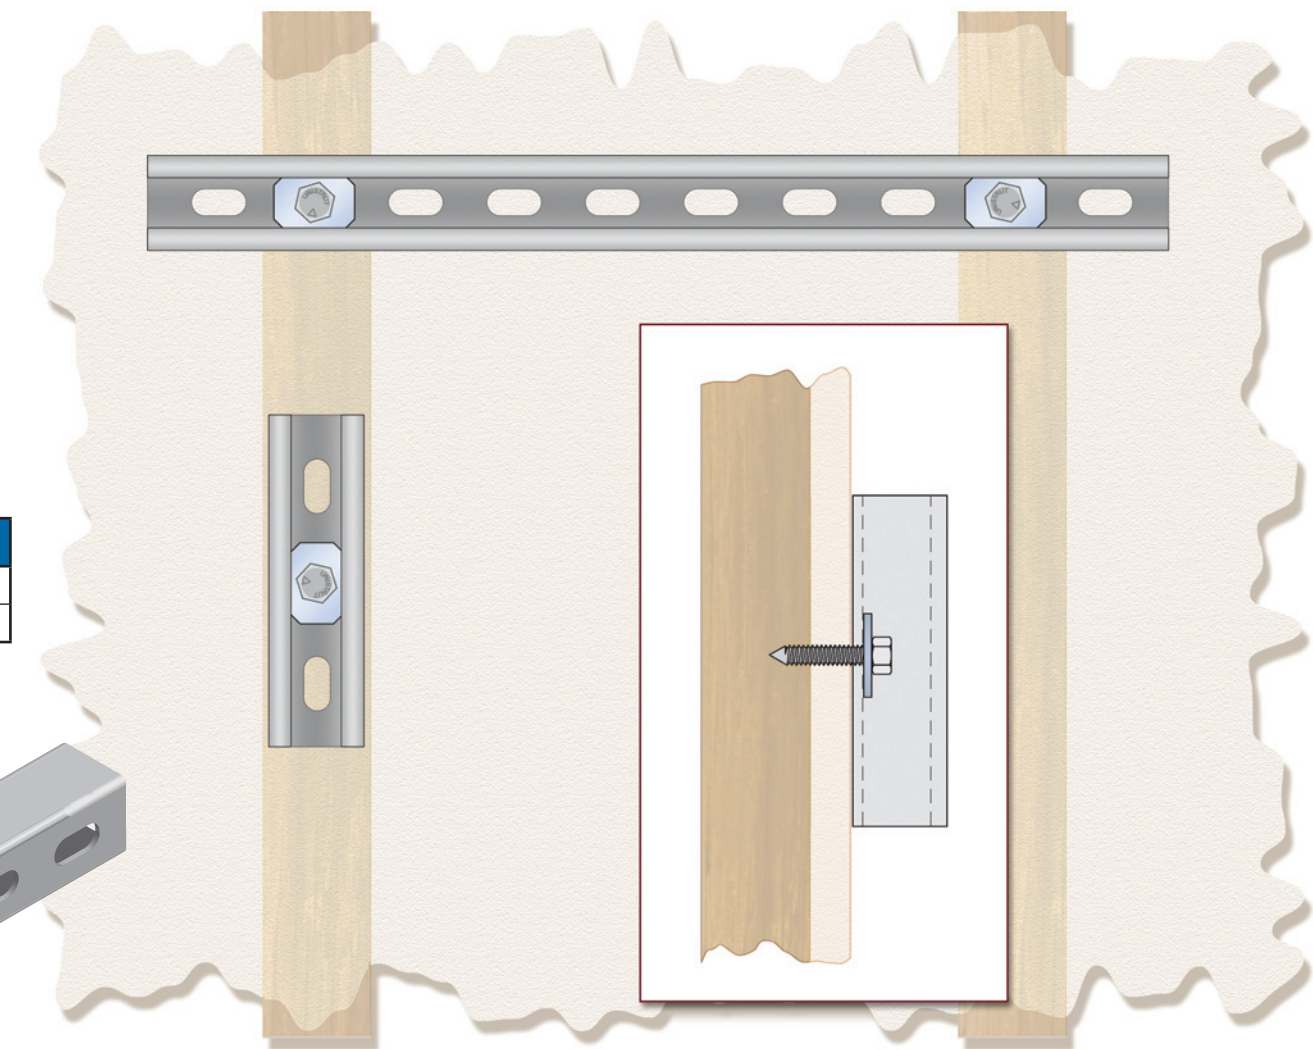

- Unique octagon-shaped washer designed to fit inside standard 1 $\frac{5}{8}$ " channel.
- Simplifies bolting slotted channel to existing structures.
- Turns slotted channel into holed channel for more stability.
- Will not rotate.
- Keeps hole centered for easy attachment of fasteners.

HOCW037	EG	$\frac{3}{8}$	1.5	500

Slot Adapter™ Product Focus

APPLICATIONS

Perfect solution for attaching channel to drywall.

Not recommended for overhead applications.

Other Unistrut® Products

The image shows two black plastic components of the Cush-A-Grip system. One component is a U-shaped bracket with a threaded rod passing through it, clamping a copper pipe. The other is a smaller, similar bracket with a single screw.

Cush-A-Grip®

The image shows a yellow metal bracket with a threaded rod passing through it, clamping a metal pipe. The bracket has a U-shaped design with a central slot.

Swiftgrip

The image shows a blue metal bracket with a central slot and a threaded rod passing through it, clamping a metal pipe. The bracket has a U-shaped design with a central slot.

Cut-N-Strut™

The image shows a black metal bracket with a central slot and a threaded rod passing through it, clamping a metal pipe. The bracket has a U-shaped design with a central slot.
